About Bee Bald LLC

Why call the company BEE BALD® and what does the name have to do with our products? *Don't let the name fool you* . . . honey and pollen extracts are packed into all of our products ("BEE") and I'm bald ("BALD"). I wanted high quality, affordable products that were perfect for my face, but also my head. It seemed simple enough, yet no one out there was making them.

BEE BALD® products have quickly found their way to retailers and web resellers throughout the country. *It's truly a great time to BEE BALD!*
