OPERATIONS ARE STILL RUNNING STRONG AFTER 15 YEARS USING EDI WITH **B2BGATEWAY**.

“After 15 years of being in business with B2BGateway, I can still safely say that operations are flawless. The support crew has been excellent at responding to our needs and requests”.

DAN HUBBARD,
FLOUR TRANSPORT

About Flour Transport

Flour Transport specializes in food transportation, liftgate/pallet jack services, harbor cartage and seabulk services.

Flour Transport Inc.

About B2BGateway

B2BGateway offers Fully Managed EDI & API Connectivity solutions that are 100% built and maintained by B2BGateway developers. B2BGateway’s solutions facilitate the seamless exchange of any business documents such as purchase orders, invoices, inventory updates, and advanced shipping notices. B2BGateway supports any communication method (FTP, AS2, HTTP, etc) and any file type (X12, XML, EDIFACT, CSV, etc). B2BGateway’s solutions are simple to use, competitively priced, and eliminate the need for manual data entry errors that result in costly chargebacks.

In addition to our global headquarters in Rhode Island, B2BGateway has offices in Ireland and Australia enabling us to offer unparalleled support across all time zones.

BUSINESS CHALLENGE

“15 years ago our customers wanted us to implement EDI and we said, you want us to do what?” A lot of patience was necessary getting setup to trade.

SOLUTION

B2BGateway’s integration with their QuickBooks program for invoicing was excellent. B2BGateway staffed walked through every stage, step by step, and helped with training even when adding new trading partners.

RESULTS

Flour Transport no longer had to rely on mailing invoices to customers. The integration with QuickBooks was spotless and efficient.
