

B2BGATEWAY TO BE GOLD SPONSOR AT ACUMATICA SUMMIT

Cloud based, fully integrated EDI solution provider to be Gold Sponsor at Acumatica Summit 2017 in San Diego.

January 24, 2017 | Boston, MA – B2BGateway, a leading global EDI solution provider and Acumatica certified partner, announced today that it will be a gold sponsor of Acumatica Summit 2017 which takes place January 29 – February 03, 2017 in San Diego, CA.

The Acumatica Summit is the premier invitation-only event where the entire Acumatica partner and customer ecosystem gathers to hear the latest about Acumatica's products and solutions, get product certifications, and collaborate on accelerating success in the cloud.

EDI (Electronic Data Interchange) has become best business practice in the transfer of standard electronic business documents such as Purchase Orders, Invoices, Advanced Shipping Notices (ASNs), Inventory updates etc., between trading partners and is highly popular in market verticals such as Wholesale Distribution, Retail, Manufacturing, Healthcare, Automotive and Finance.

By integrating with B2BGateway's cloud based EDI solution the Acumatica user can be compliant in all internationally recognized EDI standards and communication protocols such as ANSI X12, EDIFACT, Tradacoms, ioUBL, PEPOL, VAN, AS2, etc. Full integration also removes the need for the Acumatica user to re-key data when exchanging electronic business documents with trading partners, leading to greater accuracy, increased labor efficiencies and expediting the order-to-payment cash cycle with customers.

At this year's Acumatica Summit, B2BGateway will also demonstrate how they are part of Acumatica's ['Modern Distribution Solution'](#) – a grouping together of Acumatica's leading add-on WD partners to give customers in Wholesale Distribution verticals a cutting edge in dominating their fields. By combining the strengths of B2BGateway (EDI), Kensium (eCommerce), Savant (WMS), Aaeon (Mobile Hardware Devices) with Acumatica ERP, the Acumatica client can get a certified one-stop solution that will help them fully automate their solutions, reduce errors and lower ongoing costs.

"B2BGateway is excited to be a gold sponsor of Acumatica Summit 2017 in San Diego", states Roger Leyden, Director of Global Business Development at B2BGateway, "At the Summit we will demonstrate to Acumatica end users and partners how B2BGateway's cloud based, fully integrated EDI for Acumatica can tighten and improve the Acumatica users supply chain by reducing errors, cutting costs and improving overall efficiencies."
