

G'DAY MATE! B2BGATEWAY TO SPONSOR NETSUITE SUITECONNECT IN SYDNEY

Global NetSuite EDI Partner to Sponsor & Exhibit at SuiteConnect Australia.

September 26, 2016 | Sydney, Australia – B2BGateway, a leading global EDI solution provider and NetSuite partner, announced today that it will be sponsoring SuiteConnect Australia which takes place on September 29th in the Hilton Hotel, Sydney

SuiteConnect Australia is a NetSuite conference for clients and partners located in the ANZ and APAC regions. The conference promises to give attendees insights from NetSuite's seventeen years of delivering cloud solutions to over 30,000 organizations globally, learn how to stay current with new trends and findings from Frost & Sullivan and to network with over 700 attendees as well as visit the exhibition hall to meet with NetSuite partners and their solutions. The keynote address will be delivered by NetSuite CEO, Zach Nelson, who will speak on how modern global companies are thriving in the cloud economy.

EDI (Electronic Data Interchange) has become best business practice in the transfer of electronic business documents such as Purchase Orders, Invoices, Advanced Shipping Notices (ASNs), Inventory Updates, etc., between trading partners and is highly popular in market verticals such as Wholesale Distribution, Retail, Manufacturing, Healthcare, Automotive and Finance.

By integrating with B2BGateway's cloud based EDI solution the NetSuite user can be compliant in all internationally recognized EDI standards and communication protocols such as EDIFACT, ANSI X12, Tradacoms, oioUBL, PEPPOL, VAN, AS2, etc. The B2BGateway EDI solution is built into the NetSuite dashboard and full integration removes the need for the user to re-key data when exchanging electronic business documents with trading partners, leading to greater accuracy, increased labour efficiencies and expediting the 'order-to-payment' cash cycle with customers.

According to Jim Laftsidis, General Manager of Picasso Foods, a NSW based manufacturer of freshly prepared foods and NetSuite user, "B2BGateway's service was outstanding, they supported us through each step of the implementation phase and then beyond our go-live date."

"B2BGateway is delighted to sponsor yet another NetSuite based event," states Dante Dell'Agnese, Director of Sales APAC at B2BGateway, "At the conference we will demonstrate how B2BGateway's cloud based, fully integrated 'Built for NetSuite' EDI solution can tighten and improve the end users supply chain by reducing errors, cutting costs and improving overall efficiencies. If you are attending this year's conference in Sydney, make sure to drop by the B2BGateway booth."
